In the New eCampus, users may self-enroll into certain courses like the ones offered by Training & Development. This document describes how users may complete that process.

1. After logging in to the New eCampus, click on the Browse Course Catalog button in the Course Catalog module under the My WVU eCampus tab.

2. Enter the necessary information in the Search Catalog fields and click Go.

3. Click on the Action Link for the course and select Enroll from the menu.
4. Enter the **Access Code** provided and click **Submit**.

The system will take the user directly into the course they just enrolled in. The user may begin working in the course immediately.
