

After a test has been created, or imported into a new course it must then be deployed into a Content Area.

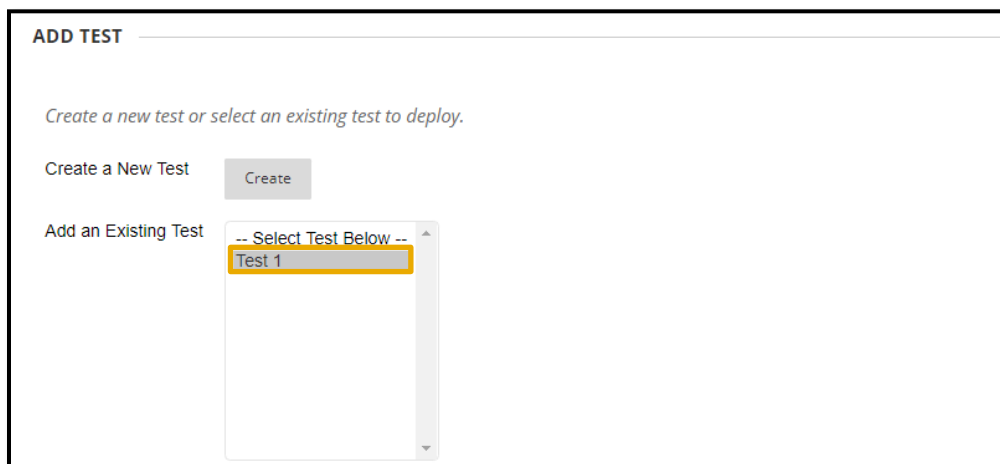

1. Navigate to the **Content Area** where the test is to be added.

2. Select **Assessments** to access the menu and select **Test**.

3. Select the desired test from the list.

4. Select **Submit**. The **Test or Survey Options** page appears.

Success: Test 1 created. ✕

Test Options

Test options control the instructions, availability, due dates, feedback, self-assessment and presentation of the test. [More Help](#)

5. Choose the **Test Options** for the test.
6. Select **Submit**.

*Click **Submit** to proceed.*

Cancel **Submit**
