

Turnitin now features the ability to use PeerMark in eCampus. Turnitin facilitates peer review so that students can evaluate each other's work and learn from their classmates. This guide will show the required steps to set up a PeerMark assignment.

**Part 1: Setting up the PeerMark Assignment.**

1. Set up a Turnitin assignment by **clicking** Assessments on any content page and **clicking** Turnitin Direct Assignment.

2. **Enter** the Turnitin assignment name and review the settings available on the page, then **click** Create Assignment.

3. **Click** on the gear icon to launch the Turnitin PeerMark Manager located in the Tools area.

4. **Click** the green “+” icon to set up a new PeerMark Assignment.

Turnitin PeerMark Manager

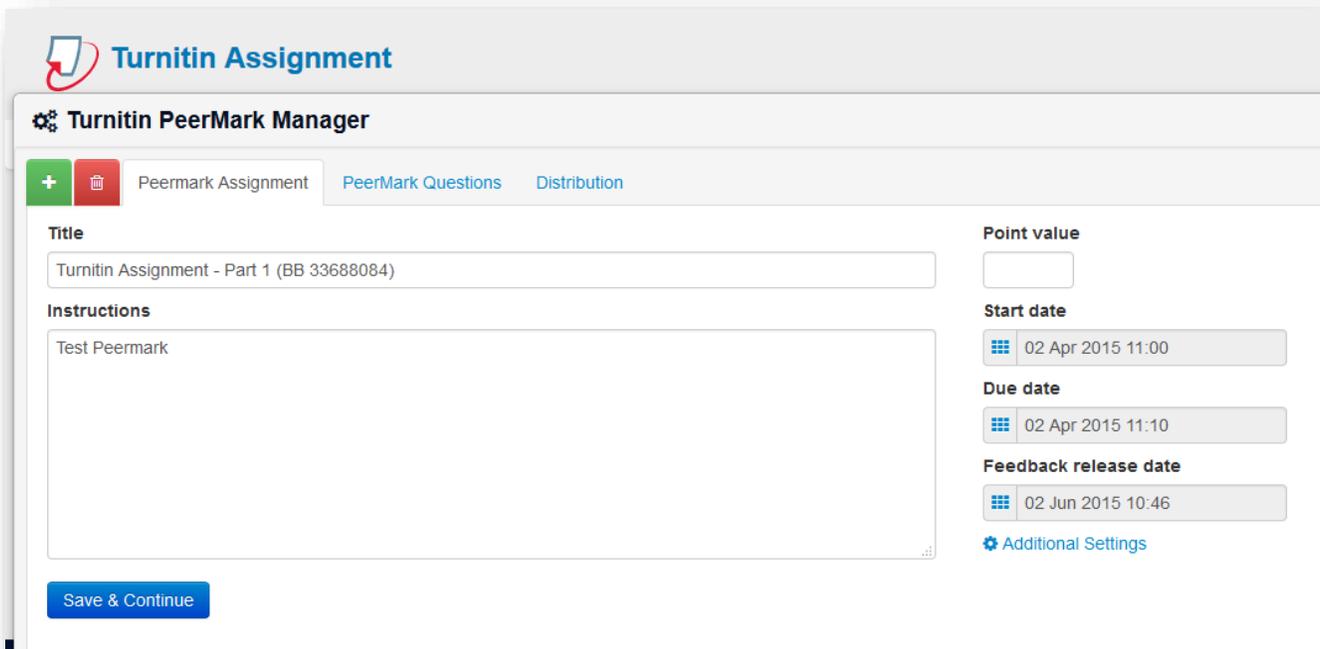

+ Peermark Assignment

There are no PeerMark assignments associated with this base assignment. Please [create a new PeerMark assignment](#) to begin the PeerMark assignment set up process.

- A PeerMark assignment can be set up from this screen. Below are the three tabs with different settings available.

**PeerMark Assignment:**

- This screen allows to set up a title and instructions for the PeerMark assignment. It is recommend to use the automatically assigned title.
- A point value may be assigned, however, points from a PeerMark assignment **will not** carry over to the eCampus Grade Center. A PeerMark assignment will not add any additional points to the base Turnitin assignment.
- There are three dates that must be assigned. The Start date is when students will be able to begin reading papers and writing reviews. The Due date will prevent students from writing reviews past this date. The Feedback release date is when students will have access to read reviews written by their classmates.
- The Additional Settings button will bring up more settings that can be used. This area will contain the setting that requires a student to write a self-review.
- Once all these settings are made, **click** the Save & Continue button.

The screenshot shows the 'Turnitin PeerMark Manager' interface. At the top, there is a 'Turnitin Assignment' header with a gear icon. Below this is a sub-header 'Turnitin PeerMark Manager' with a gear icon. There are three tabs: 'Peermark Assignment' (active), 'PeerMark Questions', and 'Distribution'. The 'Peermark Assignment' tab contains the following fields:

- Title:** Turnitin Assignment - Part 1 (BB 33688084)
- Instructions:** Test Peermark
- Point value:** (empty field)
- Start date:** 02 Apr 2015 11:00
- Due date:** 02 Apr 2015 11:10
- Feedback release date:** 02 Jun 2015 10:46
- Additional Settings:** (gear icon)

At the bottom left, there is a blue button labeled 'Save & Continue'.

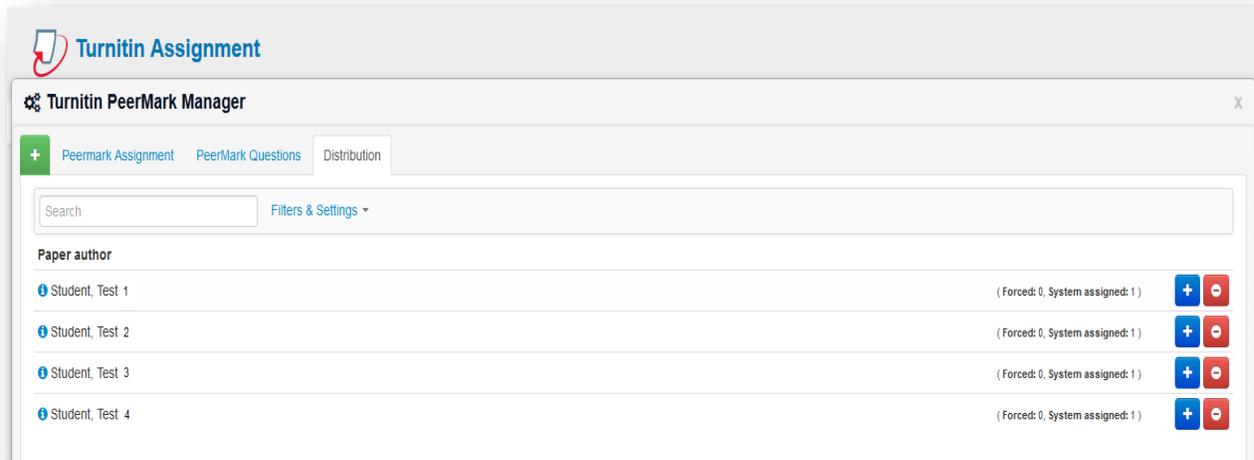

**PeerMark Questions:**

- Library Settings will allow to save the questions to a categorized group of questions. Under Library Settings, the “Add from Library” button contains a sample library with example questions in it.
- Reorder questions will unlock the question arrangement and allow to drag and drop the order of the questions. **Click** the Save Order button to save the changes.
- Add Question will allow to create either a Free Response or Scale question type.

**Distribution:**

- PeerMark will automatically assign one review to each student. Students can be manually assigned to review another particular student’s submission. Students can also be excluded from reviewing another particular student’s submission.

## Part 2: Using the PeerMark Review tool.

7. Under the Tools area in the assignment taskbar, **click** the portrait icon to launch the PeerMark Review tool .
