Instructors and course builders can copy content to any course in which they are enrolled. Please follow the instructions below to copy content from one course to another.

Note: If copying from a cross-listed course, the instructor must copy from the Primary section. If copying to a cross-listed course, the instructor must copy to the Primary section as well. *(Primary Section Name Example: 201808-ART-213-001_ART-214-001_ART-313-001)*

1. Login to [eCampus](https://ecampus.wvu.edu) and navigate to the course that contains the desired content.

2. Scroll down to the **Control Panel**, and click **Package and Utilities**, then click **Course Copy**.

3. On the **Course Copy** screen, the **Select Copy Type** has already been selected and does not need to be changed.
4. Scroll down to the **Select Copy Options**, and click **Browse** to open a list of available courses to copy content into.

5. From the **Courses** selection screen, select the desired destination **course** to copy content into. *(The Course ID will contain the course’s 5 digit CRN after the word “star”. Development shells will have “DEV.” at the beginning of the course ID. Cross-listed courses will start with “starXLS” and are followed by the two letter cross-list code, e.g. “starXLSAB”.)*
6. Scroll down on the same page and click **Submit**.

7. The Destination Course ID will now contain the desired course.

8. Scroll down to **Select Course Materials**. Users may choose specific elements to copy or simply click **Select All**. To avoid errors and missing content, we recommend using the **Select All** option.
