

The My Courses menu is a module in the My WVU eCampus tab that lists the courses available to the user. This module will also display announcements for each course the user is enrolled in. This document explains how to modify this module. This process applies to both instructors and students.

1. To access the configuration of the **My Courses** module, **mouse over** the module title bar. An icon shaped like a gear will appear in the top right-hand corner of the module. **Click** on that icon.
2. In the following screen, users are able to set options for the My Courses menu. In the **Edit Course List** section, users may choose to display the **Course Name**, **Course ID**, **Instructors**, **Announcements**, and/or **Tasks**.

Course	2	Course Name	Course ID	Instructors	Announcements	Tasks
star81667.201408: 201408-PSYC-101-001	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
star81669.201408: 201408-PSYC-101-002	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
star81668.201408: 201408-PSYC-101-017	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Self_Enrollment_Course: Self-Enrollment Testing	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

3. Users may also elect to set up links to content outside eCampus. This section of the **Personalize: My Courses** screen indicated that these links should be courses on other systems. However, users may set these links to display any web site. Users may choose to display up to five different links.

The screenshot shows a form with five rows, each for a course. Each row has a 'Course X Name' label, a text input field, a 'URL' label, and another text input field. A red arrow points to the first 'Course 1 Name' field, which is labeled with a red '3'.

4. Once the settings for the module have been determined, **click** Submit.
