

Add VoiceThread to eCampus

In order to use VoiceThread in eCampus a link needs to be added. Once logged into eCampus start by navigating to a content page within a course. The following example starts from a content page within a sample course.

1. From the four tabs across the section, Select **Assessments**, then **VoiceThread**.
2. A **Name** must be provided. It is suggested to provide a **Description** and optionally choose when it is available.
3. Select any **Services** and/or **Options**.
4. Once the information is entered Select **Submit**.

The screenshot shows the 'Course Content' interface. The 'Assessments' tab is selected, and the 'VoiceThread' option is highlighted in the dropdown menu. To the right, the configuration options for VoiceThread are displayed, including sections for 'SERVICES' and 'OPTIONS'.
