Accessing Respondus Lockdown Browser on a Chromebook
If you are logged into your Chromebook, you will need to sign out before you can access the Respondus Lockdown Browser Kiosk App.

Click on the Settings in the lower left corner of your screen.

Next, select “Sign Out”
If you are already signed out, click on the “Apps” button in the lower left corner of the screen.
Select “LockDown Browser”
Enter institution name: **West Virginia University** and hit select.
Finally, you should see the eCampus login page.
